

National Aboriginal  
Forestry Association  
Association Nationale  
De Foresterie Autochtone

**National Meeting Announcement**

December 2 to 5, 2014  
Saskatoon, Saskatchewan

# Forest Stewardship & FPIC: *Our doorway to prosperity*

Join us to share information on recent legal and policy developments related to Free, Prior and Informed Consent (FPIC), forest certification, and First Nations engagement in the forest sector.

Distinguished speakers from First Nations, legal, academic and business backgrounds will share their insights on topics such as the Tsilhqot'in decision, the development of FPIC standards at national and international levels, and "on-the-ground" implementation efforts.

Learn how First Nations are driving development on their forest homelands, enhancing rigour in forest sector management, and "coming to agreement" on forest tenure initiatives. In addition to the meeting, field trips, networking events, and technical discussions will be offered.

For more information and background, please see the National Aboriginal Forestry Association website at [www.nafaforestry.org](http://www.nafaforestry.org) or contact Janet at 613-233-5563, or [janet@nafaforestry.org](mailto:janet@nafaforestry.org)
