

Team Lead, Property

Full time, Finch, Ontario
 Hours: Monday-Friday (8:00 a.m.-4:00 p.m.)
 Salary Range: \$64,558.73 - \$80,698.41
 Start Date: TBD

At South Nation Conservation (SNC) you will be immersed in a diverse professional environment, where you will thrive in a multi-disciplinary community that includes engineers, planners, biologists, foresters, and GIS technicians.

SNC's strength lies in our experience performing and applying cutting edge science and research at the community level to protect our local environment.

Our entrepreneurial culture is a dynamic combination of government and private sector, in which you will have the scope to lead innovative projects to enhance the local environment.

POSITION DETAILS:

Reporting to the Director of Property and Approvals and providing leadership to a team of staff, you will be required to manage SNC's more than 11,000 acres of land including forested lands, public parks, water control structures, and our administration building. One of your key mandates will be to enhance and increase public use of SNC lands around a community lands framework.

The portfolio of community lands is central to SNC's work and as such you will work closely with other teams including engineering, forestry, fish and wildlife, and communications. You will be responsible to prepare management and business plans to guide the development and operation of SNC's community lands.

You will be required to manage various projects which collaborate with partners such as federal and provincial government agencies, academia, community groups, municipalities, politicians, farmers, and local businesses.

WHAT YOU OFFER:

- University/College graduate in parks & recreation, outdoor recreation, tourism, natural resource management, business administration, or related discipline
- Minimum of 3 years of progressively responsible related experience
- Demonstrated experience in the preparation and administration of budgets
- Excellent written communication skills with demonstrated ability to prepare correspondence, technical reports, financial analyses, board reports and other documents
